

# THE REPUBLICAN.

[From the Dublin University Magazine.]  
THE STARS SINK ONE BY ONE  
FROM NIGHT.

The stars sink one by one from night,  
No trace of them we find;  
They vanish from the brow of night,  
And none is left behind.

Alone,  
And none is left behind.

The sun goes to his ocean-bed,  
In all his rays enshrined;  
He wraps them round his crimson head,  
And leaveth none behind.

To mourn,  
And leaveth none behind.

The beautiful and gifted dead,  
The noblest of our kind,  
Have cast their work aside and fled,  
And we are left behind.

Alone,  
And we are left behind.

The dear old friends of early time,  
Hearts round our hearts entwined,  
Have faded from us in their prime,  
And we are left behind.

To mourn,  
And we are left behind.

Fade stars, red sun, ye come again,  
For whom no hearts have pined;  
We call our darlings back in vain;  
Still we are left behind.

Alone,  
Still we are left behind.

Oh! dear ones, teach us so to run  
Our race in sun and wind,  
That we may win where ye have won,  
Though we be left behind.

Awake,  
Though we be left behind.

How careful and circumspect should the professor of Christianity be! The world looks to such for an example of truth, honesty, self-denial, and temperance; and when these virtues are outraged, how greatly does the cause of Christ suffer, the spirits influence become perverted, and the profession made a ridicule and a mockery on the lips of even moral men.

"If you don't go to school, my son, who will teach you what is right and wrong? 'I don't get taughted, I find it out.' 'And how do you find it out?' 'By observing that right works for a shilling a day, while wrong lives on it.' Not much made by that wisdom."

During the reign of Queen Anne, the Earl of Clarendon was appointed Governor of the Province of New York; and commissioned to "represent Her Majesty" in that office. The Earl, whose "upper chamber" seems to have been somewhat scantily furnished, understood this phrase rather too literally, and actually put on a woman's dress as his official costume. A painting of him, thus accoutred, still exists in England.

## SHERMAN'S Patent Premium Elastic

70, St. Charles-street, New Orleans.

Shoulder Braces are an essential article of dress—not of late origin, however, as many suppose, 'er they have been used among the nobility at d higher classes throughout Europe for the past century.

### Ruptures Cured!

Let all afflicted with Ruptures, read, heed and be healed, or at least be made secure from the horrors of Strangulated Hernia, which security can best be found in the use of SHERMAN'S

### New Patent Truss and justly celebrated RUPTURE REMEDY.

OBSERVE the following extract from Lawrence, an eminent English surgeon: "The treatment of the Ruptures demands, from the different states in which their contents exist, as great a combination of anatomical skill, with experience and judgement, as that of any disorders in surgery." Now, how few are afflicted and harassed with that complaint think of this. What do they think of? Why of getting a Truss; one that suits their fancy, their means, and as they think their Ruptures while the use of it, from its ill construction and misapplied pressure, imparts serious injury; consequently, the disease continues through life, and frequently causes death.

HERE your attention is called to the cut of Truss my experience in Ruptures has led me to invent, in order to overcome the objections of every other in use. It is remarkable for the ease and comfort with which it is worn and the security it affords under the most violent exercise. It is, also, immovable in any position the body may be thrown into—a consideration that should not be overlooked.

In my treatment of Hernia I do not rely solely on the efficacy of a Truss. Experience has taught me something more is required, and tedious experiments have enabled me to discover the most powerful auxiliary which, to guard against deception, I have put up in quart bottles, with these words, "J. A. Sherman's Rupture Remedy," blown in glass. It is the instance of a celebrated surgeon, was analysed, and the following certificate given in its favor:

Certificate from Martin, the Chemist.—"I have analyzed Sherman's Rupture Remedy, and find it to contain valuable properties to aid in curing ruptures."

JAS. MARTIN, Chemist.

New York, January 10th, 1851.

NATCHEZ, May 23, 1850.

Mr. Sherman: Dear Sir—Last January, was in New Orleans, and observing your advertisement in the Delta, I called to see you about fitting me with a truss, having previously used the different kinds sold in stores to no purpose. They were a perfect source of annoyance. My rupture yearly increased in size, filling my soul with terrible forebodings, for I had on one occasion been eye witness to the awful results of strangulated rupture. Now my apprehensions are all gone; my mind is composed; and I can with joy to myself and surprise to my friends, among whom is one of our most eminent physicians, inform you that I am cured—that my rupture, has not shown itself for two months. The bottle of wash you gave me is all used up; and, if you think it necessary to continue the use of it, I would like you to send me some.

Mr. Jones who has made a trip to New Orleans on purpose to have you fit him, with a truss, was at my house on last Sunday, and is quite well pleased; says the truss is so easy he sometimes forgets, he has it on, and is only convinced by feeling. He now believes, although he was sceptical when he got the truss, that his case is curable, and that the truss and preparation you furnished him will cure it. I suppose his faith is strength, assured by the present condition of my case. If persons knew how their sufferings were aggravated by the use of the old fashioned, ill-fitting trusses, I am sure they would never use them. The comfort derived, and the security felt in the use of your truss, certainly over balance all pecuniary considerations. With respect and esteem, I remain yours, etc.,

E. W. WATSON.

P. S.—If this will benefit any one suffering as I once suffered, by making it public I have my consent to do so.

SHERMAN'S office for the fitting of his Patent Truss, and the sale of his Rupture Remedy, is 70, St. Charles, (sign of the) New Orleans. Remember the name and number.

### Two large Cancers, effectually Cured, by S. REYNOLDS,

123, Gravier street, New Orleans.

CERTIFICATE of cure from Captain Nat. Ostrander:

"Dr. J. Reynolds: Sir—Having for many years been afflicted with two large and inveterate Cancers, (one upon my right hand, the other upon my left arm.) I sought in vain for cure at the hands of our most experienced surgeons.

Hearing of your successful treatment of Cancers, I determined to have the benefit of your experience, and for this purpose came to New Orleans, eight months ago, when I speedily received relief, by your mild and effectual mode of taking both Cancers out, without the aid of the knife. The Cancer upon my hand weighed over a quarter of a pound, that on my arm, more than three quarters of a pound, yet the new and healthy flesh took their place so rapidly that I was entirely restored to health in a few weeks.

As a token of gratitude for your able and successful treatment of my Cancers, I voluntarily add this my testimony to your numerous credentials, and trust that those effected with Cancers may be directed to you, for a speedy and effectual cure. Respectfully yours,

NATHANIEL OSTRANDER.

## HEBREW PLASTER,

The great remedy for Rheumatism, Gout, Pain in the side, hip, back, limbs, and joints, scrofula, king's evil, white swelling, hard tumors, stiff joints and all fixed pain whatever.

Where this plaster is applied, pain cannot exist. It has been beneficial in cases of weakness, such as pain and weakness in the stomach, weak limbs, lameness, affection of the lungs in their primary stages. It destroys inflammation by perspiration.

The following commendation is from an agent residing at Trenton, Tennessee:

Trenton, Gibson co., Tennessee, Nov. 7, '48.

Messrs. Scovil & Mead.—Gentlemen: The Hebrew Plaster is becoming popular in this section. There is a lady in this county who says she would not be without this Plaster for five hundred dollars a year. She was afflicted for some time with an enlargement of the spleen, which gave her a great deal of pain. The swelling and pain had extended up nearly to the armpit, and occasionally she could scarcely breathe. She was confined for a considerable time, during which she was attended by some of our best physicians, but they gave her no relief. She procured a box of the Hebrew Plaster, and it relieved her almost immediately, and now she keeps a supply of it on hand constantly. These facts you are at liberty to use as you think proper—they are substantially true. Respectfully, yours

JESSE J. WELLS.

Beware of counterfeits and base imitations. Dealers and purchasers generally are cautioned against buying of any but our regular agents otherwise they will be imposed upon with a worthless article, as many base counterfeits of this Plaster are in existence.

REMEMBER—The genuine is sold only by us and our advertised Agents throughout the South. No pedlar is allowed to sell it. In future the genuine will have the signature of E. TAYLOR, on the new steel-plate engraved label on the top of each box; to counterfeit which will be prosecuted as forgery.

## WISTAR'S BALSAM.

### OF WILD CHERRY.

The great American Remedy, for Lung complaints, and all affections of the Respiratory Organs.

THE BEST remedy ever known to man, for Coughs, Asthma, Croup, Bronchitis, Influenza, Bleeding of the lungs, Difficulty of Breathing, Liver Affections, Pain or Weakness of the Breast or Side, First stages of consumption, &c.

REMARKABLE CURE.

Of all the cures that have yet been recorded, there are certainly none equal to the one first mentioned, which plainly shows the curability of consumption, even in some of its worst forms.

JEFFERSON COUNTY, Ia., Feb. 27, 1849.

Messrs. Sanford & Park—Gents: This is to certify, that my wife, Nancy Dononey, has been in a declining state of health for the last two years. Her disease baffled the skill of the best medical aid I could procure—her physicians pronounced her disease "Consumption in the last stage," and said that her recovery was past all human hopes. As a last resort, with very little hope, I procured Wistar's Balsam of Wild Cherry.—After using a few bottles, I found, to my agreeable surprise, that her health was improving rapidly. She is now so far recovered, as to be able to attend to her regular household duties, without suffering any inconvenience. Her rapid improvement and present health, warrant me in the belief that she will soon be entirely restored.

RHODES DOHONEY.

To THE PUBLIC.—I, Jacob Green, of the county, of Jennings, and state of Indiana, do hereby certify, that in the early part of last season, I was taken with a violent cough attended with a pain in the breast, and some times fever, and that I employed a skillful physician for some time, who said he could give me no relief. I then commenced using Wistar's Balsam of Wild Cherry, and felt almost immediate relief; and after taking three bottles, I find myself in as good health as I have enjoyed for a number of years. My restoration, under the blessing of God, I attribute to the use of the medicine above named.

JACOB GREEN

March 1st, 1849.

State of Indiana, Jennings county. I, David T. Skinner, a Justice of the Peace in and for the said county and State, do certify that the above named Jacob Green, subscribed and made oath to the foregoing certificate, before me, this first day of March, 1849.

We would advise those of our readers who are laboring under an affection of the lungs, to make immediate trial of this truly excellent medicine. The most intelligent and respectable families of our city have adopted it as a favorite medicine; and persons predisposed to consumption, who have used it, speak in the highest terms of its efficacy.

Beware of counterfeits and imitations—syrups, and all other preparations of Wild Cherry. Remember, they only imitate in name, not in virtue. Sold wholesale and retail, by
